The Suspect is a fascinating reconstruction of the Neo-Gothic tale of Richard Jewell, the security guard who was memorably and unjustly implicated in the 1996 bombing at the Atlanta Olympic games.

Meticulously reported, bracingly written, full of memorable and bizarre characters, the book casts a wary eye on the worlds of law enforcement and journalism, and their multiple failures in this tale. It's a story with no winners – except for readers of this terrific book.”

-- Jeffrey Toobin, bestselling author, staff writer at the New Yorker, and senior legal analyst at CNN
